## Report on the OpenSeaLab Hackaton

C. Troupin (GHER - ULiège)

**7th Steering Committee Group, Plouzané, France, 16 October, 2019**

[sdn-userdesk@seadatanet.org](mailto:sdn-userdesk@seadatanet.org) – [www.seadatanet.org](http://www.seadatanet.org)

# OpenSeaLab Hackaton

4-6 September 2019

Zebrastraat, Ghent, Belgium

> 150 persons in total

<http://www.opensealab.eu/>

<http://www.emodnet.eu/open-sea-lab-0>

## By the numbers

3 days

> 30 coaches + people from IMEC  
(training for creation of ideas, presentations etc)

100 applications

70 participants from 19 nations

# Overall impression

**Organisation:** excellent, many rooms (small, big, medium), photos, movies, food trucks

**Conclusion:** a success, will be organised again

*"It seems that Open Sea Lab is something that will continue to grow into the future."*

## Specific comments

- ▶ not enough time for the participants to really work

## Specific comments

- ▶ not enough time for the participants to really work
- ▶ huge deployment of coaches

## Specific comments

- ▶ not enough time for the participants to really work
- ▶ huge deployment of coaches
- ▶ not a strong visibility for SeaDataNet

## Specific comments

- ▶ not enough time for the participants to really work
- ▶ huge deployment of coaches
- ▶ not a strong visibility for SeaDataNet
- ▶ some groups started from scratch,  
other had already a well elaborated projects

## Specific comments

- ▶ not enough time for the participants to really work
- ▶ huge deployment of coaches
- ▶ not a strong visibility for SeaDataNet
- ▶ some groups started from scratch,  
other had already a well elaborated projects
- ▶ keynote presentation on fisheries kind of oriented the group  
projects toward this topic
